

## CMSA Cancelled Game Policy

If your game was canceled by your opponent or by Inclement Weather, you will need to follow the instructions below  
**The HOME teams are responsible to reschedule the make-up game**

If your game was scheduled to play on your **Club/Programs Field** than you are the **HOME TEAM**. If the teams were playing on a Neutral Site and neither team has a home field than the League will reschedule the make-up game (you will need to contact your **League Commissioner** to have the game scheduled). If you were playing on a Neutral Site, and either team has a home field, then the Make-up Game can be rescheduled on either team's field that is available.

The **Home Team** needs to (**arrange the rescheduling of the**) make-up game with their opponent ASAP (**before the season ends**). The opponent should get no less than (3) dates to choose from (within reason) for the make-up. After the **League Commissioner** receives the **Game Info.**, we will post the (make-up game) on the website. If the game cannot be rescheduled (By the end of the Season) the team that cannot agree to a rescheduled game will be charged with a 3-0 loss & any fees that were assessed.

If you do not have your opponent's contact information, you will need to email (**Your League Commissioner**) for your opponent's contact information. The **HOME TEAM** must get their opponents contact information and start the process during the week after the cancellation.

After you contact your opponent and **Both Coaches Agree** on a make-up date, then the teams will need to email their **LEAGUE COMMISSIONER with the rescheduled game information**. In the email, the following information will be required: The Club/Program, coaches names, age group & gender of the teams. The email approving the **Make-up game, Date, Time & Location**. Once the information is received by the **League Commissioner**, the game will be posted on the CMSA League Website in the schedule section, and the league will have officials assigned to the game. The teams must follow the instructions on this policy.

If the teams are rescheduling a game on a Saturday or Sunday in the fall, the game will need to be scheduled either (**one hour before, or immediately following the last game scheduled on the field**). Teams must check with their Field Coordinator to make sure that the field is available and the times that **CMSA** has games scheduled that day. **Spring or Fall make up games can also be rescheduled anytime during the week.**

Spring teams can reschedule make up games on Saturdays provided you or your opponent has a field. Spring Sunday make-ups need to follow the instructions above or we cannot **Guarantee Officials**.

Please note: if a team cannot play the rescheduled game on the make-up date, the game becomes a **Forfeit Loss** with all fees assessed and a 3-0 loss.
